PROFESSIONAL SUMMARY

Results-driven Full Stack .NET Developer with 7+ years of experience building ERP systems, HR modules, recruitment portals, academic platforms, and online order applications. Strong expertise in ASP.NET MVC, .NET Core, C#, REST APIs, SQL Server, Oracle, and React.

Known for delivering scalable, user-friendly applications, optimizing performance, and managing end-to-end development—from requirement gathering to deployment. A fast learner with a passion for clean architecture and high-quality engineering.

TECHNICAL SKILLS

- Languages & Frameworks: C#, [ASP.NET](#) Core, MVC, Entity Framework, [VB.NET](#)
- Frontend: React, HTML5, CSS3, JavaScript, Bootstrap, Ajax
- Database: SQL Server, Oracle
- Tools & Platforms: Git, REST API, LINQ, DevExpress, SAP Crystal Reports

PROFESSIONAL EXPERIENCE

Software Developer — Simple Logic IT, Qatar (Safari Mall)

2022 – 2023

- Designed and maintained **ERP applications**, including **HR, Employee Management, and Online Order modules**, using ASP.NET MVC, .NET Core API, and Oracle.
- Developed a **Fresh Items Online Ordering Module**, handling both **frontend UI** and **backend order processing workflows**.
- Improved application performance through optimized queries and structured API design.
- Integrated **DevExpress** components and **Crystal Reports** for interactive dashboards and reporting.
- Implemented **auto-email notifications** for new user registrations.
- Developed **beep sound alerts** for real-time barcode scanning validation.

Software Developer — Orison Software Specialist (Dubai Based)

2018 – 2021

- Designed, developed, and maintained **ERP and Academic Management modules** for UAE clients including Habitat and GEMS Education.
- Led full-stack development of the **HR Recruitment Portal**, automating job posting, screening, and candidate tracking.
- Built the **Academic/Online Learning ERP modules** fully on the web platform.
- Enhanced system stability and scalability through clean code practices and structured version control.

Software Engineer — Bluegen Solutions

2015 – 2017

- Built custom **web portals, attendance systems, and internal business applications** using VB.NET and C#
- Collaborated with clients for requirement analysis, UI/UX adjustments, and module improvements.

PROJECTS

- **ERP Management System:** Full-stack ERP with HR, Payroll, and Academic modules (ASP.NET, C#, SQL, Oracle).
- **HR Recruitment Portal:** Automated hiring workflows using MVC, C#, and SQL Server.
- **Virtual PTM System:** Web-based scheduling system for parent-teacher meetings.
- **Online Ordering Module:** End-to-end front-end + back-end solution for fresh items ordering
- **React Dashboard:** Developed an interactive React-based dashboard integrated with REST APIs for real-time analytics and data visualization.

CERTIFICATIONS

- React Internship – Futura Labs, Calicut (2025)

EDUCATION

- Master of Computer Application (MCA) – Anna University (2018 – 2021)
- Bachelor of Computer Application (BCA) – Madurai Kamaraj University (2015 – 2017)
- Diploma in Computer Engineering – Technical Board of Education (2013 – 2015)
